The application has been amended as follows: The claims have been amended as on the attached pages.

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest a method of performing operations on an envelope wherein the crease of the envelope is the trailing edge, the trailing edge is sensed at a position x, the envelope is moved to a second location where the crease is located at a specific point y and performing an operation, then moving it to a third location for the trailing edge z and performing an operation wherein the distance the envelope is moved, e.g. from x to y, and from y to z, is independent of the length of the envelope and is the same for all envelope sizes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
